Organizational History

The firm of James F. Drake, Inc. was established in 1911 by James Frederick Drake (1863-1933) for the sale of rare books and manuscripts. For the native New Yorker the firm represented the culmination of a career in books and publishing that was already of thirty years' duration. Drake's sons Marston E. and James H. Drake entered the firm in the teens, and by the time of the senior Drake's death the firm on West 40th Street was a mecca for bookmen in the New York area.

The Drake brothers continued in the tradition of their father, but upon the retirement of Marston ("the Colonel") and death in 1965 of Jim the entire stock of the firm and its business records were acquired by the Humanities Research Center at the University of Texas.

Scope and Contents

Consists of the correspondence and business records of the James F. Drake, Inc. firm including bills, receipts, bank statements, expense and sale journals, account payable/receivable lists, list of authors titles, and extensive correspondence.
